TIP No. R-2555B

Mecklenburg County

The proposed project is the improvement of SR 5544 (Catawba Avenue) from NC 73 (Sam Furr Road) to SR 2151 (Jetton Road) near Cornelius.

The length of the project is approximately 2.7 miles.

An electronic copy of the old hearing maps is available by email request only. Requests should be sent to Scott Blevins at sblevins@ncdot.gov.

R-2555B TENTATIVE SCHEDULE:

R/W – June 2016

Let – June 2018

SCOPE OF WORK

The project will be a re-evaluation of the Environmental Assessment (EA) and Finding of No Significant Impact (FONSI). Human environment work will consist of conducting a comprehensive public involvement program. Traffic Forecast is NOT included as part of the contract. Corridor Maps and Functional designs will be prepared for all preliminary alternatives considered. Preliminary designs for all the detailed study roadway alternatives and Public Hearing Maps for the preferred alternative are included as part of the contract. Hydraulic services will include a Preliminary Hydraulic Report.

NOTE: Historic architectural, archaeological, Limited English Proficiency services, air quality analysis, traffic noise, T&E surveys, NRTR, wetland and stream delineations and ICI are NOT part of this scope of work. These services will be provided either by in-house staff or current on call contracts managed by Project Development and Environmental Analysis Unit. No surveying, photogrammetric, or geotechnical services are anticipated.

The plans for the roadway and hydraulic design listed above shall be prepared in electronic format. All electronic files shall be in Microstation format using Geopak software.

All services shall be done in accordance with the guidelines and standards for each unit.

Any firm wishing to be considered must be properly registered with the Office of the Secretary of State and with the North Carolina Board of Examiners for Engineers and Surveyors. Any firm proposing to use corporate subsidiaries or subcontractors must include a statement that these companies are properly registered with the North Carolina Board of Examiners for Engineers and Surveyors and/or the NC Board for Licensing of Geologists. The Engineers performing the work and in responsible charge of the work must be registered Professional Engineers in the State of North Carolina and must have a good ethical and professional standing. It will be the responsibility of the selected private firm to verify the registration of any corporate subsidiary or subcontractor prior to submitting a Letter of Interest. The firm must have the financial ability to undertake the work and assume the liability. The selected firm(s) will be required to furnish proof of Professional Liability insurance coverage in the minimum amount of \$1,000,000. The firm(s) must have an adequate accounting system to identify costs chargeable to the project.

SMALL PROFESSIONAL SERVICE FIRM (SPSF) PARTICIPATION

The Department encourages the use of Small Professional Services Firms (SPSF). Small businesses determined to be eligible for participation in the SPSF program are those meeting size standards defined by Small Business Administration (SBA) regulations, 13 CFR Part 121 in Sector 54 under the North American Industrial Classification System (NAICS). The SPSF program is a race, ethnicity, and gender neutral program designed to increase the availability of contracting opportunities for small businesses on federal, state or locally funded contracts. SPSF participation is not contingent upon the funding source.

The Firm, at the time the Letter of Interest is submitted, shall submit a listing of all known SPSF firms that will participate in the performance of the identified work. The participation shall be submitted on the Department's Subconsultant Form RS-2. RS-2 forms may be accessed on the website at <https://apps.dot.state.nc.us/quickfind/forms/Default.aspx>.

The SPSF must be prequalified with the Department to perform the work for which they are listed.

Real-time information about firms doing business with the Department and firms that are SPSF certified through the Contractual Services Unit is available in the Directory of Transportation Firms. The Directory can be accessed by the link on the Department's homepage or by entering <https://apps.dot.state.nc.us/vendor/directory/> in the address bar of your web browser.

The listing of an individual firm in the Department's directory shall not be construed as an endorsement of the firm.

PREQUALIFICATION

The Department maintains on file the qualifications and key personnel for each approved discipline, as well as any required samples of work. Each year on the anniversary date of the company, the firm shall renew their prequalified disciplines. If your firm has not renewed its application as required by your anniversary date or if your firm is not currently prequalified, please submit an application to the Department **prior** to submittal of your letter of interest. An application may be accessed at <https://apps03.dot.state.nc.us/vendor/prequal>. Having this data on file with the Department eliminates the need to resubmit this data with each letter of interest.

Even though specific DBE/MBE/WBE goals are not required for this project, the Department of Transportation is committed to providing opportunity for small and disadvantaged businesses to perform on its contracts through established Department goals. The Firm, subconsultant and subfirm shall not discriminate on the basis of race, religion, color, national origin, age, disability or sex in the performance of this contract.

EVALUATION

All prequalified firms who submit responsive letters of interest will be considered.

The evaluation of firms submitting letters of interest for this project will be based on the following considerations and their respective weights:

1. The evaluation of performance on any previous contracts with the North Carolina Department of Transportation; 40%
2. The firm's experience and staff to perform the type of work required, including any designated subconsultants; and 40%
3. Ability to meet the schedule. 20%

North Carolina firms prequalified to do the required work will be given priority consideration. A North Carolina firm is a firm that maintains an office in North Carolina staffed with an adequate number of employees judged by the Department to be capable of performing a majority of the work required.

After reviewing qualifications, if firms are equal on the evaluation review, then those qualified firms with proposed SPSF participation will be given priority consideration.
